Freckle Photography: Quirky, creative and storytelling wedding photography for original and imaginative couples

AM I THE RIGHT PHOTOGRAPHER FOR YOU?

If you agree with the statements below then the answer is YES! I would be delighted to be part of your special day!

We are totally in love and are planning a day that celebrates this with our family and closest friends.

We want a relaxed and romantic wedding - a fun-filled celebration, that is slightly (or a lot) alternative, creative and perhaps eco friendly.

We want a photographer who blends in effortlessly with our family and friends, will be discrete, friendly and whose images will last a lifetime.

We want photography that captures the day as it unfolds naturally and shows our personalities.

We love the style of Freckle Photography's work and it fits with our vision for our wedding day!

WHAT TO EXPECT...

A beautiful collection of reportage imagery that documents the day as it unfolds naturally alongside:

A range of fun, romantic and creative portraits of just the two of you - all my couples tell me how much they enjoyed this little time out session

Shots of all the oh-so-important details that you put so much thought and effort into

Groups shots orchestrated quickly, with assertion and not bossiness - I always recommend a maximum of ten different group shots to allow maximum time for partying!

PS. I choose my shoes by measuring them on a stealth-o-meter, selecting only the quietest shoes for weddings so that I can go unnoticed for much of the wedding, ninja style.

ABOUT ME...

I have been photographing weddings for ten years, it was where I started my career and I was lucky to find it so young. I am influenced by art - in particular painting, design but most of all the people I meet and work with.

When I photograph weddings the most important aspect is **capturing the feeling, atmosphere and emotions of the day**. I work quickly and quietly and make sure that all the important moments and details are captured forever. I am sure you will see this in my work, if you have got this far you will have recognised this aspect in my work.

I love working with like minded couples who have added personal and creative touches to their weddings, People who are not afraid to break the rules and have their day, their way.

This is my face - taken by my husband on our honeymoon. He's pretty handy with a camera too but prefers to make videos of muddy bikes racing down hills.

He's also very good at making tea so if you want to visit our cottage to see more of my work - ask him to pop the kettle on.

Things that I love:

My husband, Chris

My crazy family

Living in a quirky little cottage

Blustery walks by the sea

Charity shopping

My wellies

The small pleasures in life, like marmite on toast

FAQ'S

WHAT DO WE GET?

Everyone who books with me will get professional, creative and discrete coverage of their day, no matter what the weather. All images will be edited and provided on disc within a beautiful, hand-crafted CD case. All couples are entitled to take up a complementary ninety minute engagement shoot within the Plymouth area.

CAN WE CHOOSE TO HAVE AN ALBUM AFTER THE WEDDING?

Yes. Absolutely. Just choose how long you want me to be at your wedding for then once you get your images you can decide on how to complete your wedding collection – whether it be a simple, understated album or a collection of books, canvas prints and parent albums.

CAN YOU HOLD THE DATE FOR ME WHILE WE DECIDE?

To secure your date, I will need a signed booking form along with the deposit of £200. To request a booking form please use the contact form, email me on emma@frecklephotography.co.uk or call me on 078707185277.

CAN WE MEET YOU BEFORE WE BOOK?

Yes of course! I live just outside of Plymouth in a village called Brixton Torr - come to my cottage or I can come to you if you live locally so I can show you my albums and chat about your wedding! If not we could always Skype or chat on the phone.

WHAT HAPPENS IF IT RAINS?

I have photographed over 300 weddings and I can promise you that the weather will not affect how beautiful your photographs are. In fact some of the most stunning work I have produced was taken in the rain. Embrace it and enjoy it, what will be will be.

HOW LONG WILL IT TAKE TO GET THE PHOTOS AFTER THE WEDDING?

I can have previews on Facebook for you within a week of the wedding day and the disc of images will be delivered within three weeks after the wedding.

ARE YOU INSURED?

Yes. I am fully insured with public indemnity, equipment and professional liability.
